Sorry-

Please remove Zeitgeist: Addendum and Zeitgeist: Moving Forward from your DVD Distribution catalog on TZM Australia.

I wasn't aware of this happening on such a scale and it's against all rules I have set forward for duplication and free distribution since day one for the fully copyright films. The core rule: No monetary exchange. It doesn't matter if it is 1 cent. If you wish to link to DVD torrents for download, do it. But that's it.

In fact, no Chapter has done anything like this and it's a blight on TZM in general to have such a gratuitous and blatant selling as you have setup. And I won't even go into the 3 year long, constant expression by myself to distance the films from TZM, which has worked to establish its own materials.

You are not only in violation of my free distribution copyright terms, you are reinforcing a Peter Joseph film relationship to TZM which should not be reinforced anymore. TZM cannot be dependent on one's personal film project. The reason for the new 130 page Orientation and pending 22 essay video series, for example, is to give a core understanding of TZM directly, without the baggage of my personal views which are inherent to the film series.

I'm sorry if this wasn't clear before.
Let me know when removed.

I hope everyone is well in their transitions.
Best,
Peter
